

COLOUR[™]
ACCOUNTING

Colour Accounting, the highly successful accounting training programme for non-financial managers, is available here in Guernsey.

BDO holds Colour Accounting open workshops as well as online workshops to give non-financial managers in Guernsey organisations all the benefits of being financially literate. Bespoke workshops, which are tailored to the circumstances of particular organisations are also available.

Managers and business owners are expected to have a good level of financial knowledge, and now due to the backdrop of the challenging economic environment caused by COVID 19 financial knowledge is particularly vital.

Until now, getting to grips with complex financial concepts has been easier said than done. That's where Colour Accounting comes in.

Colour Accounting is a highly successful accounting training programme that uses real life examples that delegates can relate to easily. Internationally, it's the method proven to make non-financial managers confident masters of the financial essentials, and all in just one day.

The presentation is also a lot of fun, and at the end of the session, you can expect to have gained a sound, practical working knowledge of important accounting principles that you can use every day.

BDO Guernsey is the exclusive provider of Colour Accounting across the Channel Islands.

To enquire about Colour Accounting or to book a workshop, contact Carl Gardner at carl.gardner@bdo.gg or telephone +44 (0) 1481 741603.

Your Facilitators

Richard Searle

Richard is Managing Director of BDO Limited and has an active client practice in audit and assurance and in business and accounting advisory services. With a career spanning over 25 years Richard has an extensive range of clients which predominantly include trading and investment entities, finance sector businesses, captive insurance vehicles, property companies, funds and regulated bodies. He has significant listed and private group expertise and is often instructed by clients as a result of his knowledge in assignments involving international real estate and private equity groups, captive insurance vehicles, ILS products and family office structures.

Matt Budd

Matt is an Audit Director at BDO Limited and is head of the Private Wealth team. With over 10 years' experience in audit, he has worked with clients in the UK and in Guernsey in the real estate sector, the wider commercial sector and has a particular interest in the fiduciary and private client sector. He offers his clients extensive experience of UK GAAP reporting requirements as well as the ability to tailor assurance services to their particular needs.

Carl Gardner

Carl is head of BDODrive, which helps commercial trading companies and financial services companies in Guernsey with their financial operations. Working with businesses at every stage of growth, Carl also offers business advisory services that help clients with the financial management support they need to realise their future growth plans.

Carl's team offers cloud accounting, funding solutions, payroll, financial reporting and outsourcing to clients in Guernsey. He also provides operational and financial strategy and forecasting financial support.

To enquire about Colour Accounting or to book a workshop, contact Carl Gardner at carl.gardner@bdo.gg or telephone +44 (0) 1481 741603.
